POSITION: Fisheries Field Technician

START & END DATE: April 6, 2020 – November 27, 2020

PAY RATE: $15.00/hour

LOCATION: Hot Sulphur Springs

DEADLINE FOR APPLICATIONS: February 28, 2020 @ 5:00 pm or until positions filled

JOB DESCRIPTION: Position will assist the area Fisheries Biologist with conducting fish population surveys on lakes, streams and rivers of Grand and Summit Counties using electrofishing gear, gillnets, and other specialized equipment. Work will also include assisting with processing of aquatic wildlife, recording of data on sampling sheets, care and maintenance of equipment, driving trucks with boat trailers attached, and other duties as assigned. Will also assist with kokanee spawntake activities at Wolford and Granby reservoirs. Employees will be expected to work long hours in adverse conditions, to work out of and operate boats and wade in streams. Backcountry work is involved, requiring hiking and some camping. Housing may be available upon further inquiry.

MINIMUM REQUIREMENTS: Candidates must be able to swim, lift heavy loads, and must possess a driver’s license. Experience related to fisheries or wildlife biology, boat handling and maintenance, shop and mechanical skills, river rafting, and the use of computer programs such as Excel, Word and Access will be considered when selecting employees. College degree in a related field is preferred but not required.

HOW TO APPLY: Send a statement of interest and resume with references to jon.ewert@state.co.us.

Also feel free to contact Jon Ewert at 970-509-9150 with questions.

Top candidates will be notified of interview time and location.
