

Poudre River Forum

February 3, 2017

Let's Hear from the Poudre's People:
A Chance to Listen to One Another

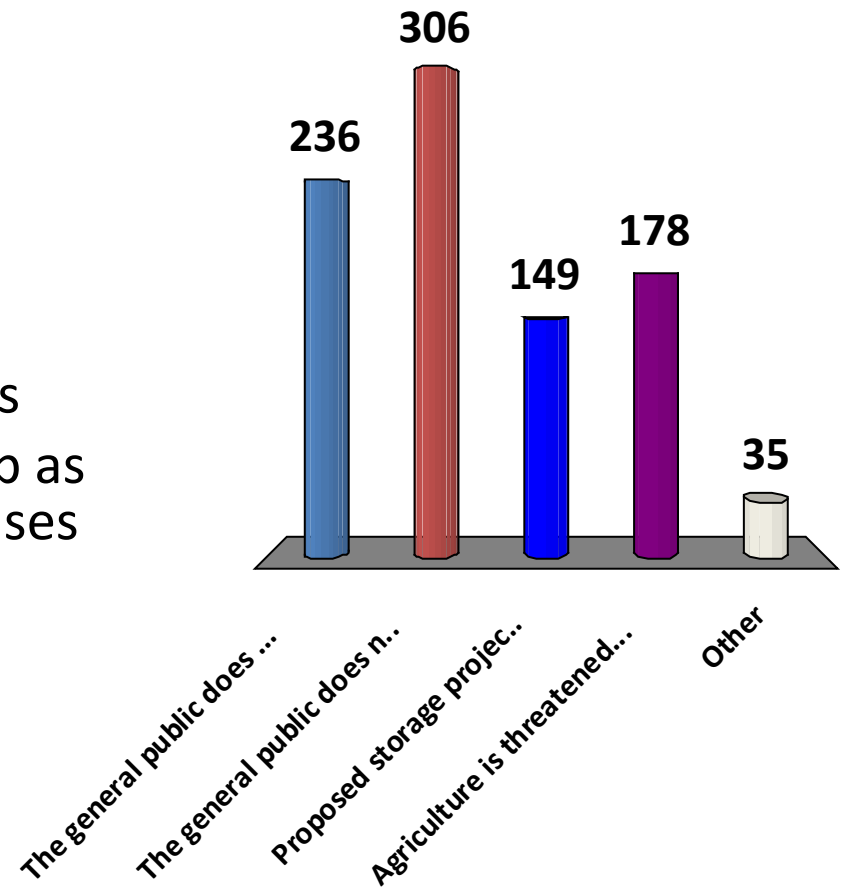

6. What is MOST important to you about the Poudre River? Select your top three (3).

- A. It is good for local economies
- B. It is one of the most beautiful and biologically diverse natural environments in northern Colorado
- C. It provides recreational opportunities
- D. It supplies water for agriculture
- E. It supplies water for municipal and industrial needs
- F. Other

7. What concerns you MOST about the Poudre River? Select your top three

- A. The general public does not have a good understanding of the rights of agricultural and urban diverters and why they are important
- B. The general public does not have a good understanding of Poudre River health and why it is important
- C. Proposed storage projects may take away too much of the Poudre's flows
- D. Agriculture is threatened with dry up as cities change more water to urban uses
- E. Other

8. What gives you hope for the Poudre River? Select your top three

- A. Municipal water providers are seeing success in reducing per capita per day usage
- B. The general public seems to be increasingly aware of the precarious state of water in the west
- C. Environmental and agricultural stakeholders seem to be communicating better about the Poudre than in the past
- D. We are doing more to improve the river's ecological health than ever before
- E. Young people seem to be more aware of the importance of sustainable water practices than earlier generations.
- F. I have very little hope for the future of the Poudre River
