

PRTI MEETING AGENDA

Phase 9 | 2020-2021

Friday, March 26, 2021 | 8:00 AM – 10:30 AM

Remember PRIT’s approach:

We avoid: *That could not work because...*

Instead we use: **That COULD work IF...**

ACTIONS TAKEN IN RED

- 8:00—8:10 **Welcome & Setting the Stage for the Day**

- 8:10—8:50 **Greeley's Terry Ranch Aquifer Storage and Recovery Project**
Adam Jokerst, Deputy Director of Water and Sewer, City of Greeley
Background Reading

 - A. [Terry Ranch Project website](#)
 - B. PDF: Greeley's Innovative Water Project Overview (attached)
 - C. PDF: Terry Ranch Project Map (attached)

- 8:50—9:30 **Update on Northern Colorado Regional Water Dialogue**
Roy Otto, City Manager, City of Greeley

- 9:30—9:35 **Quick break to stretch and refill your coffee**

- 9:35—9:45 **PRTI Initiatives Reports** (Initiative leads report any major updates and/or requests from PRTI members)

 - **Poudre Flows Initiative** | Dan Brown – **Expecting the water court application filed by the end of April.**
 - **Poudre Basin Information website** | Steve Malers
Steve secured CWCB WSRF funding for the project. He is in the process of updating snow and flood warning information products.
 - **Diversion Improvements** | Wade Willis, Jen Kovecses

- **Poudre Flows Coordination Committee** | Brad Wind - Committee will reconvene on April 13, 2021. Please contact Julie if you are interested in serving on this committee.
- **Poudre River Forum** | Jen Kovecses – No 2021 Forum planned

9:45—10:25

What's Happening on the Poudre? Rapid Round Robin Updates from PRTI Members (We're challenging you to keep your update to 2 minutes or less!)

10:25—10:30

Wrap Up & Next Steps

- Discuss interest in holding a field tour for our last session of Phase 9, scheduled for Friday, May 7, 2021
Given restrictions on group gatherings, the PRTI will continue to meet virtually with hopes of reconvening in person in Fall 2021.

PRTI members discussed the request for a letter of support for the Terry Ranch ASR project. Consensus was not reached for a group letter of support; however, individual members and their organizations may choose to provide a letter of support.

Adam Jokerst, Deputy Director of Water and Sewer, City of Greeley

Adam Jokerst serves as Deputy Director for Water Resources at Greeley, where he oversees long-range water supply planning, water acquisition, and water conservation programs for the Water & Sewer Department. Mr. Jokerst holds a Bachelor's degree in Agricultural Engineering from the University of Arkansas and a Master's degree in Civil Engineering from Colorado State University. He is a registered professional engineer in Colorado and has worked on water resources projects in Northern Colorado for over ten years in both the private and public sectors. Mr. Jokerst is passionate about using innovation and collaboration to solve complex water problems.

Roy Otto, *City Manager, City of Greeley*

Roy Otto is a native Coloradoan who graduated from Greeley West High School and earned a Bachelor's degree from Colorado State University. After completing his Master's degree in Public Administration and working in Florida, Roy came back to Greeley and in 2005 he was appointed City Manager.
