POST-SESSION HOMEWORK – due by 5:00 PM the following Monday after each session

1. From your perspective as a community leader in Northern Colorado, what resonated with you from today's session? (What is your key takeaway?)
2. What questions do you have after today's session? Any areas you want to explore further?
3. Are there any components of water supply and storage/delivery you learned today that are applicable for your current position or profession?
